

ECOTROPHELIA

IN NUMBERS

3,5k

Over 3 500 participating
students since 2000

400

+400 new products

17

+17 participating
countries

OPPORTUNITY

Become a member of the first
ECOTROPHELIA Transnational team :
10 european students from 5
countries to create 1 innovative food
product to be presented at
ECOTROPHELIA Greece and
ECOTROPHELIA Europe !

HOW

You are studying food product
creation or food product marketing
and you are ready to invest yourself in
a rewarding project? Apply to your
referring teacher to join the team!

WHY

Participating in the transnational
team ECOTROPHELIA will allow you
to enrich your experience in product
creation and international
collaboration, to develop your
European network in the food sector,
to give visibility to your project, and to
imagine a potentially marketable
product. This experience will permit
you to acquire the necessary skills for
any entrepreneur.
